8. Directors Report

A. Housing Rehab & Solar Investment.

Mr. Byrnes informed the Committee that our office would possibly be able to offer solar energy funding to home rehab and/or CBDG funding. He asked the committee if he should proceed forward with research into the possibility. The committee thought it was a good topic and encourage Mr. Byrnes to continue his research further.

B. Home Program/New Construction & Tax Foreclosed Lots.

Mr. Byrnes gave an overview of a potential funding opportunity for tax foreclosed lots within Municipalities of Rock County (excluding the Cities of Janesville and Beloit). This would enable a municipality to purchase foreclosed properties and rebuild/improve the homes and offer for sale. This would help us distribute funding as well as create taxable property for the Municipalities.

The committee thought it was worth exploring.

C. Directors Retirement.

Mr. Byrnes read a short narrative on why he originally pursued being a Land Use Planner as well as Director. He stated he will continue to be active at a local private level.

The committee thanks Mr. Byrnes for his expertise for the last 25 years.

9. Adjournment: **Moved** by Supervisor Gustina, **Seconded** by Supervisor Potter, **All in Favor**, **Time: 8:40 am.**

AGENCY RECOMMENDATION

11. If you answered Approve With Conditions to 10., list conditions:

- 4. Note on Final CSM: No driveway access along County Hwy N.
- 5. Final CSM shall be submitted to and approved by the Agency within one year after preliminary approval.
- 6. Final CSM shall be recorded with the Rock Co. Register of Deeds within 6 months of the final approval.
- 7.
- 8.
- 9.
- 10.
- 11.

12. Agency recommendation rationale and findings of fact:

The proposed Land Division creates one new lot from an existing 57 acre parcel (6-13-91) in Milton Township. The property is currently zoned Agricultural District One and a rezone to Agricultural District Two has been applied for at the Town as part of this process. The remaining parent parcel is greater than 35 acres, therefore not required to be surveyed and reviewed in this action nor is a zoning change necessary.

The landowner intends to divide and transfer that proposed Lot as a non-buildable parcel, suitable for recreational uses. There are many physical building limitations on the property (such as Floodplain), but those matters were not addressed in this review considering the Lot will not be developed. In other words, a more thorough review and decision making process would be necessary if the lot were to be considered for a building site.

County Hwy N is an Access Controlled Hwy in this location. No formal permitted driveway access will be approved along Hwy N, though the property is physically accessible for periodic uses because there is no road ditch in this location.

AGENCY RECOMMENDATION

11. If you answered Approve With Conditions to 10., list conditions:

- 4. Proposed lot lines must include the POWTS with the building which utilizes the system.
- 5. Dedicate 33 foot half road right of way along S Duggan Rd at the discretion of the Town.
- 6. Final CSM shall be submitted to and approved by the Agency within one year after preliminary approval.
- 7. Final CSM shall be recorded with the Rock Co. Register of Deeds within 6 months of the final approval.
- 8.
- 9.
- 10.
- 11.

12. Agency recommendation rationale and findings of fact:

The proposed Land Division creates one new lot from two existing parcels (6-17-313 and 6-17-324) in Rock Township. The exiting subject property consists of two parcels because it is split between Sections 34 and 35. Tax parcel lines cannot "cross" section lines, with the exception being in the case where a Certified Survey Map has been done to create the lot and it is otherwise unavoidable based physical factors.

There is an existing residence and buildings on proposed Lot 1. The property is currently zoned Agricultural Farmland Preservation District and a rezone to Agricultural Three has been requested based on the proposed lot size (5 acres). The Town of Rock will make a decision regarding the rezone request based on the provision of the Zoning Ordinance and Farmland Preservation Plan. The remaining parent parcel(s) is greater than 35 acres, therefore not required to be surveyed and reviewed in this action.

AGENCY RECOMMENDATION

11. If you answered Approve With Conditions to 10., list conditions:

- 4. Area of slopes greater than 16% on each lot shall be delineated and labeled "No Land Disturbance or Buildings"
- 5. Final CSM shall be submitted to and approved by the Agency within one year after preliminary approval.
- 6. Final CSM shall be recorded with the Rock Co. Register of Deeds within 6 months of the final approval.
- 7.
- 8.
- 9.
- 10.
- 11.

12. Agency recommendation rationale and findings of fact:

The proposed Land Division creates two new lots from an existing 26.9 acre lot (6-13-199.1A) in Milton Township. There are no existing buildings on this lot. The existing lot was created via CSM in 2019. The proposed configuration consists of a 3.0 lot (Lot 1) and a 23.9 acre lot (Lot 2). The property is currently zoned Agricultural District 3 (A3), therefore based on the proposed new lot sizes no rezone is necessary.

The body of water within the property would be considered "waters of the state" due to the fact it can be accessed via the public land to the south and east. The Shoreland Zoning Ordinance permits the bed of waters of the state to be included as part of the area of a new lot as long as the land area of the lot meets minimum lot size standards, which this proposal does.

The proposed lots have zoning and physical features including the seventy-five foot Shoreland setback area and steep slopes (16% and greater) which should be preserved according to the standards of the Rock County Land Division and Management Ordinance. The Town and/or P&D Committee should consider placing a deed restriction note on the lots which would reflect the preservation of these areas. There is ample area to develop the new lots outside of the proposed restrictive area. The Memorandum of Agreement between the Town and County includes provisions for Staff to make recommendations in this regard where applicable based on site characteristics. This recommendation was approved on the prior CSM as well.

This proposed Land Division is within the extraterritorial review jurisdiction of the City of Milton.
