We caused notices in writing to be posted up in three of the most public places of said town specifying the commencement and route of the proposed highway, the several tracts of land through which the same was proposed to be laid so far as known and the time and place at which we would meet and make examination and survey of said highway, which notices were posted up as aforesaid at least six days before said meeting and three days or more before said meeting required a copy of said notices to be left at the house or served upon each resident upon the lands proposed to be crossed by said road.
