Request for Authorization to Purchase

Each year, as equipment is identified as end-of-life, Rock County replaces critical infrastructure components to keep our networks functioning and secure. As such, seven routers need to be replaced this year.

Routers are a piece of networking equipment that allows the connection from remote sites to our primary county network.

The new routers will be installed at Franklin Street, Court Street, Land Conservation, the Eclipse Center, the 911 Communication Center, the Court House and Beloit's Mill Street tower.

The 2018 Rock County budget includes funds for the purchase of replacement routers.

We are requesting authorization to purchase these network routers to upgrade the existing networking infrastructure from CoreBTS for a total not to exceed \$24,704.80.
