Carried to next meeting.

System of Care Vision and Core Values Document Review

The Committee discussed the Memorandum of Agreement: Creating A System Of Care Approach For Our Children and Their Families in Alamance County (Pennsylvania). Multisystem Release of Information Discussion

Carol Trout took it to the Executive Director of Shorehaven. The Executive Director felt there should be a statement added that information discussed as a team will not be re-released without another specific release from the client. Also suggested was having a separate document stating what can be released after discussing it with the client.

Update on Parent/Youth Peer Support Development

The first Community Meeting was held with 38 people in attendance. The presentation went well.
