EXECUTIVE SUMMARY

As we planned for the design of our eight households, we chose to include adjustable height base tables in every dining room in our furnishing budget. In order to meet the needs of the sixteen residents in each household, we will need four tables per household.

We currently use a limited number of these tables and appreciate the ability to adjust the height of the table to meet the needs of the residents using the table. They look attractive after years of use and have proven to be maintenance free. The center transport wheel allows one staff person to safely move the table. The new tables also feature a laminate tabletop with raised urethane edge to prevent dishes from slipping off the table and liquids from running to the floor with a spill. The tables have a 25-year warranty.

Our current tables will be used in the activity area on each household.

These specifications are modeled after Space Tables Item #PTCST1042S/RE tables with PTCST611-48 bases. Any table bid must meet or exceed the specifications of the Space Table.

DESCRIPTION – SPACE TABLES ITEM #PTCST1042S/RE TABLE TOP OR EQUIVALENT

- Dimensions: 42” wide x 42” deep x 1.25” high
- High pressure laminate top
- Spill guard, molded polyurethane edge to protect against chairs and wheelchairs but not soft enough to absorb stains.
- Edge treatment is chemically bonded to the substrate to insure seal with laminate.

DESCRIPTION – SPACE TABLES ITEMS PTCST611-48 BASE OR EQUIVALENT

- Dimensions: 38” wide x 38” deep x 27.5” to 33” high
- Base must adjust between 27.5” and 33” to accommodate wheelchairs.
- Base must be easily adjustable by one person.
- Self-leveling glides

The successful bidder, CJ& Associates provided a bid for the Surface Works table. The table met all of the specifications of the bid plus carried a lifetime warranty. The bid presented a cost of \$564.18 per table for a total cost of \$18,053.67 for 32 tables.
