- EXECUTIVE SUMMARY -
**AUTHORIZING APPLICATION WITH
WISCONSIN DEPARTMENT OF NATURAL RESOURCES FOR
COUNTY FISH AND GAME PROJECT GRANT FUNDS**

Each Wisconsin County is allocated a certain amount of money annually to fund small projects on a 50/50 match basis. Rock County has been allotted \$1,927 in 2013, but additional funds are available and will be distributed on a first come, first serve basis. Rock County Parks plans to apply for an additional \$1,073, for a total grant of \$3,000.

Parks plans to access this funding source to help pay for invasive species control at Carver-Roehl Park. Though this funding source requires a 50% match by the County, all time and materials supplied by the Parks and Highway Divisions, as well as other community resources may be used as in-kind match. The Friends of Carver- Roehl Park and the Sheriff Department's Workender Program (people who owe community service) have assisted with this project in the past and have expressed a strong interest in continuing the effort.

The main species to be targeted using this grant is garlic mustard. For the past two years, the contractor hired has also treated dames rocket, and last year they discovered and treated a few Japanese barberry plants.

For the past few years, we have used these funds for garlic mustard control in Carver-Roehl Park, and we're starting to achieve a noticeable reduction of the invasive species. However, we still have a long way to go in eradicating this invasive in Carver-Roehl, so it is imperative that we continue these control efforts at Carver-Roehl, especially now that it is a State Natural Area.
