 Commander, Correctional Services

**MEDIA RELEASE**

**Slow-No-Wake Posted on Portion of the Rock River**

**For Immediate Release**

Date: May 26<sup>th</sup>, 2024

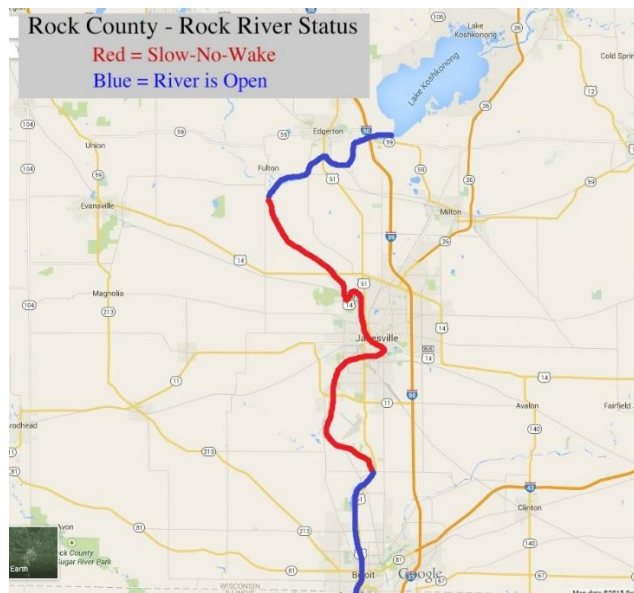

**Contact Person**

Deputy Trevor Lund  
 608-373-3816

According to US Geological Survey Gauges, the water level for the Rock River in Afton is 6.8 feet. County Ordinance requires a slow-no-wake speed restriction be placed on the Rock River in Afton when the water level exceeds 6.5 feet; therefore, the Rock River from the Indianford Dam south to the W B R Townline Road Bridge is under a slow-no-wake speed restriction.

The Rock River from the Indianford Dam north to Lake Koshkonong, and the W B R Townline Road Bridge south to the Stateline are not under a speed restriction based on the current water levels.

Slow-no-wake is defined as operating a vessel at a speed as slowly as possible while still maintaining steering control.

The Sheriff's Office is providing public notice of the Rock River's current slow-no-wake status. Deputies will place slow-no-wake signs along the river at all public access points between the Indianford Dam and the Stateline.

CURTIS N. FELL  
 SHERIFF
