MEDIA RELEASE

Slow-No-Wake Speed Restriction Removed from Southern Portion of Rock River

For Immediate Release

Date: July 31, 2024

Contact Person

Sgt. Shawn Natter
 608-757-8018

According to the US Geological Survey Gauge, the water level for the Rock River in Afton is currently 8.47 feet. County Ordinance allows for an abeyance of the slow-no-wake speed restriction on the portion of the Rock River downstream from the W B R Townline Road Bridge to the Stateline when water levels are 8.50 feet or less.

Thus, the Rock County Sheriff's Office is removing the previously declared slow-no-wake speed restriction on this portion of the river. Deputies will update the signage at all public access points.

Slow-no-wake speed restrictions remain in effect for the portions of the Rock River from Lake Koshkonong to the Indianford Dam and from the Indianford Dam to the W B R Townline Road Bridge.

CURTIS N. FELL
 SHERIFF
