HNote from Natalie

We are blessed to have Rock Haven Skilled Nursing Facility operating after 160 years. We extend our heartfelt gratitude to our county leaders and board of supervisors for their unwavering support in ensuring that we have a county facility for constituents who require skilled care. Their dedication is a testament to the strong community we are a part of.

As part of our commitment to your well-being, we encourage nursing home residents and their families to take an active role in reviewing their financial options and eligibility for assistance programs. This proactive approach will help you plan for the cost of care appropriately, considering the specific rules and policies for care that may vary from one person to another.

"The facility must not request or require a third party to accept personal responsibility for paying the facility bill out of his or her funds as a condition of admission, expedited admission, or continued stay in the facility. However, the facility may request and require a resident representative with legal access to the resident's funds available to pay for facility care to access and use the resident's money or other assistance to pay for care, as authorized by law. The facility may request and require this representative to sign a contract, without incurring personal liability, to provide the facility with payment from the resident's income or assets. A third-party guarantee is not the same as a third-party payor, e.g., an insurance company, and this provision does not preclude the facility from obtaining information about Medicare or Medicaid eligibility or the availability of private insurance. The prohibition against third-party guarantees applies to all residents and prospective residents in all certified long-term care facilities, regardless of payment source (The Long-Term Care Survey, 2023, pp 204-205)."

One request I have is trust and transparency so we can work together to resolve the financial issue for you and your loved ones as we strive to provide you with the best quality care at Rock Haven.

News from Nursing

August is National Wellness Month.

It's time to prioritize your care, reduce stress and create healthier habits to feel like your best self!

Policy and Procedure Update-

Residents with CPAP (continuous positive airway pressure) machines will notice increased cleaning and maintenance of their equipment. This will prevent germs and contaminants from growing inside of your equipment that can make you sick.

Aimee Thomas, RN Interim Director of Nursing

Infection Control Corner

The CDC is investigating a link to deli meats and rising Listeria infections. Thirty-four infections have occurred throughout the United States with one case being found in Illinois. The Listeria infection has been linked to deli meats, with most interviews the leading to a popular brand of Boars Head liverwurst. The CDC is still investigating if other deli meats have been linked to this.

Recommendations include to throw away any of the recalled product, clean refrigerator and any item that may have been in contact with the recalled product and heat up any deli meat you are going to consume. Listeria can be fatal in pregnant women and those at higher risk of getting infections (elderly, immunocompromised) and symptoms include fever, fatigue and muscle aches.

Some Words from Social Services

Effective August 1st, Gail Sullivan, MSW, will be taking over the social service responsibilities of Sandstone East Upper. This includes all residents in rooms 417-432. Gail will continue to work with the residents on Limestone West as well.

Teena Monk-Gerber, CSW, MSE will continue to work with the residents on Sandstone West and Sandstone East Lower. This evens out the workload for both of our dedicated social workers.

Please contact your assigned social worker if you have any questions.

Gail - 608-757-5325

Teena - 608-757-5104

Greetings from Finance

The 2025 budget was successfully submitted by the deadline of August 1, 2024.

We extend our gratitude to Joanne Foss for her dedicated efforts in meticulously crafting and finalizing the budget within the specified timeframe.

We eagerly anticipate the forthcoming developments within the Finance Department as Amy Sather and Graig Kittelson further assimilate into their respective roles.

Graig Kittelson Business Services Manager

News from Activities

July was jam packed with indoor and outdoor events. From pet visits with Roxie, 7 music events including Hal and Sue, Birthday Party with Ferne, the Choristers, Special Music with Mary, Donna Thompson X 2 and Bernie plus the Trivia Tournament with Paul there was something for everyone.

Readings with Jay were introduced. The Social Room was reserved for 6 events this past month! Please remember to reserve the room for the upcoming holidays as it is already booked for Christmas Day!

Ice Cream was a favorite snack and

Our gardens continue to be a source of pride and enjoyment for our Residents. From picking strawberries to peas, watching the potatoes bloom and enjoying the flowers, our courtyards are a great place to visit and renew. Please remember that it doesn't require an ATA to take you outside!

Code Black: When a code black is paged overhead that means that the weather is unstable. Perhaps you have been visiting when that occurs as it has happened frequently this Spring and Summer. Staff then move the Residents and visitors to an interior hallway, along with various other duties. For some Residents, this can be worrisome. We usually sing, reminisce or otherwise engage folks in something familiar.

On 7/16/24, our beloved Donna
Thompson came to play. As we were all settled, a Code Black was called. Out we went to the Aviary, we couldn't move the piano-so we chose the Clavinova. While we were doing that, Irene was leading us in Old Mc Donald.
