2024-2025 TREE & SHRUB Program

The Rock County Land Conservation Department tree and shrub sale provides Rock County landowners and others with the opportunity to purchase quality plants at a reasonable rate. Please call us for more information.

- ✓ ORDER EARLY for best selection.
- ✓ Trees arrive in mid-April. The date, time, and location for picking up orders will be sent by postcard and will be posted on our website (above). We cannot hold orders so please make arrangements for someone to stop by.
- ✓ Current in-stock/sold-out species are listed on the website.
- ✓ Trees are perishable! We cannot guarantee stock.
- ✓ We have two tree planters and a chemical sprayer for rent. Call for details before trees arrive.

Trees

Canaan Fir, *Abies balsamea var Phaeolepis*: 6-12 inch seedlings. May be more tolerant of wetter soil and a variety of soil types. Makes an excellent Christmas and landscape tree. Grow 30-70 feet.

Eastern Arborvitae, *White Cedar*: 12-16 inch seedlings. Fan like glossy leaves provide year round color. Forms a wind tight barrier when used for screening or as hedging. Great for wildlife. Prefers heavy damp areas but adapts well to other soil types. 30-40 feet tall by 10-15 feet wide.

Native White Birch, *Betula Papyrifera*: 9-14 inch seedlings. On young trees the bark is brown to bronze but turns white as the tree ages. Tolerates alkaline soils well. 50-70 feet tall by 20-30 feet wide.

Norway Spruce, *Picea abies*: 7-15 inch seedlings. Long pendants of short dark green needles hang from graceful, drooping limbs. Keeps lower branches. Excellent for windbreaks. Likes well-drained sandy loams. Full to partial sun. 35 feet tall in 20 years; up to 130 feet.

Red Maple, *Acer Rubrum*: 18-24 inch seedlings. A rapid grower that can adapt to a wide range of soil conditions. Bright red flowers in spring followed by green leaves. Fall colors vary from yellow to scarlet. 40-60 feet tall by 20-60 feet wide.

Red Oak, *Quercus rubra*: 18-24 inch seedlings. Grows best in sandy loam; hardy in clayey to gravelly soils in medium- to well-drained sunny locations. Lots of acorns. Brick-red in fall. 36 feet in 20 years; up to 100 feet tall, broad and rounded.

White Oak, *Quercus alba*: 18-24 inch seedlings. Graceful giants that define many local parks. Deep-rooted, thrive in range of well-drained soil on north and east slopes. Broad, round crown, long-lived, grows to over 100 feet tall. Purple-red in Fall.

White Pine, *Pinus strobus var. lake states*: 7-15 inch seedlings. Long, soft needles in clusters of five. Fast grower. Best in full sun, moist well-drained soils. Young trees pyramidal; canopy more horizontal, lacy with age. 50-80 feet tall.

Shrubs

Hazelnut, *Corylus americana*: 18-24 inch seedlings. Filberts loved by people and wildlife. Shade tolerant. Fast-grower spreads from rhizomes. Forms thickets along forest edges, meadows. Rich, moist, well-drained soils. 10-18 feet tall.

Highbush Cranberry, *Viburnum trilobum*: 12-18 inch seedlings. Yellow to red-purple fall color. Handsome white flowers yield bright red fruit. New foliage has a reddish color. Can grow to 12 feet high.

Red Osier Dogwood, *Cornus Sericea*: 12-24 inch seedlings. A broad erect grower with dark blood red branches. White flowers followed by white berries. Good for soil erosion and food and cover for wildlife. 7-9 feet tall by 8-12 feet wide.

Fruit

Domestic (Common) Apple, *Malus Domestica*: 14-28 inch seedlings. Excellent wildlife value. In the spring, apple blossoms will please local bee populations. In the fall and winter, deer & other mammals will appreciate the much-needed food source. Soil: Widely Adaptable. 12-16 feet tall by 12-16 feet wide. Recommend tree protectors for the deer.

Red Raspberry, (Caroline-Thornless), *Rubus Idaeus*: 1 year XL Canes. Everbearing raspberry with a summer crop followed by a crop in September through the first frost. Superior flavor. Self-pollinating. Moist, well-drained soil. Attracts birds & butterflies.

Root Gel & Tree Protectors

Root Dip Planting Gel is a starch absorbent that retains water and gives it back to the plant during dry periods reducing planting stress. One packet treats up to 500 seedlings. \$3 per packet.

Tree Protectors - Protect your trees from hungry deer and rabbits! Kit includes one 4 foot TUBEX plastic sleeve, one 5 foot stake, ties, and bird net. Easy to assemble. Tubes are re-useable. \$4.50 per kit if ordered by March 7, 2025.

To Order: Mail this form with payment made out to **Rock County LCD**, 440 N. US Hwy 14, Janesville, WI 53546 or call us to use credit card (2.95% service fee for credit cards)

*****Trees and shrubs are only available in the specified quantities. Full payment must accompany your order.*****
